

Services & Products

First-rate and individualized

Are you seeking an independent partner who focuses on what you want? We support you energetically and address your specific needs.

The exceptional quality of all services and products you provide or arrange as a financial intermediary is a key factor in your ability to service your clients optimally.

Due to our many years of experience in the banking business, we can offer you comprehensive, flexible services and the best products to be had in the financial markets.

Moreover, our international presence enables you to accommodate country-specific circumstances in all of the solutions you wish to implement.

Our range of services

Basic services

Our basic range of services encompasses all support activities you need to handle banking transactions: account-keeping, transparent and detailed account statements, as well as the safekeeping of securities and execution of transactions.

Proactive client advice

In rendering this unusual service, our focus is on professional and trading-oriented investors. They have the opportunity to come into direct contact with our securities and foreign exchange traders. We provide you with the relevant information and, by means of our trading recommendations, generate even more added value for you.

Custodian bank tasks

Benefit from the advantages of one or more of our fund-solution locations: Liechtenstein, Luxembourg and the British Virgin Islands. We would be pleased to perform the custodian bank functions for your funds, including the valuation of fund assets and supervision of compliance with the investment guidelines.

Why VP Bank?

As an independent private bank, we guarantee you an objective view of your clients' needs. As a part of this, our high-quality services and products are oriented solely to your desires.
